VELCRO® Brand Solutions for the Construction Industry

The VELCRO® Brand offers construction fastening systems that provide a greener alternative for manufacturers, architects, and builders—and can help earn potential green building rating points. These fastening solutions reduce the use of volatile organic compounds (VOCs), eliminate adhesive off-gassing, and reduce job site waste, while reducing the installation time. VELCRO® Brand construction fastening systems require fewer tools; are easy to replace and reposition; prevent damage to the underlying building envelope; and can be applied in a wider range of temperature and weather conditions for improved productivity and reduced labor costs.
